TORRID BUILDING PACE

$5.6 Million In New Construction Here During May

New construction in Daly City last month wrote a new record in the municipal books as 384 building permits were issued on projects valued at more than $5.5 million.

Public Works Director Otis Calhoun said 384 building permits were granted in May for a total valuation of $5,609,624.

The previous city high for a month was in March this year when permits issued called for $3,987,800 in new construction.

The May breakdown featured 354 permits for new homes (mostly in Doelger's Unit 10 and McKeon's St. Francis Heights) with a valuation of $4,988,313.

Other permits last month found 25 for dwelling alterations, total value $18,611; one church alteration, $1500; the new Mormon church above Hillside boulevard, $600,000; two signs, $800, and one demolition, $400.

SALARY BOOSTS ASKED

Elementary Schools' Budget Up $330,000

Proposed new fiscal budget for Jefferson Elementary School District totals $2,591,559—some $330,000 higher than the '58-'59 figure and not including $107,091 more in salary requests under study by trustees.

Asst. Supt. David Shapiro, in charge of business affairs, explained that the new budget calls for the maximum $2.20 tax rate pladged by the board at the last tax election.

The present budget actually totaled $2,263,595 in balanced expenditures and returns, although the district had set the figure originally at $2,559,610, expecting more apportionments and heavier enrollment. The new budget total includes some $80,000 in reserves.

Approval of the new budget as specified hinges on the passage of State Assembly Bill 1000, which would increase the amount of state apportionments per pupil. The measure has passed the assembly and will be decided before the month is out.

The district's 215 classroom teachers are asking 5.56 percent salary hikes, amounting to an additional $67,425 in wages. The principals, coordinators, consultants and vice principals are up for a 7 percent increase, or an extra $21,628. A 6½ percent hike, calling for an additional $18,038, is the request of the classified staff (exclusive of the cafeteria personnel).

Salaries of the superintendent and assistant superintendents will remain the same.

The board has until the first week of August to approve the budget.

At Monday's regular meeting, trustees appointed outgoing Supt. H. Z. Weibel and Ben Franklin School Vice Principal Harry Aronson to the position of principals.

Weibel, currently salaried at $14,000 a year, will become a principal in January. Meantime, he will serve as special consultant on buildings and grounds. New superintendent Richard L. Foster assumes the job on July 1.

In other main business Monday, the board upped the substitute teachers' per diem pay from $17 to $18, and took un-

CITY NEEDS WORKERS FOR CENSUS-TAKING

Daly City needs at least 49 more citizens to serve as census takers in the special census to begin here the middle of this month.

Residents interested in applying for this "paid" duty are asked to immediately contact Barbara Galindo, city personnel department, city hall, 75 Wellington avenue. The phone number is PL 5-0850, extension 23.

Mrs. Galindo said that 26 persons already have applied for the work.

"We won't be able to start until we have a force of 75," she pointed out.

144 Elementary Kids To Attend Summer School

One hundred and forty-four children, grades two through seven, will attend Jefferson Elementary District's summer school, June 22 to July 31, at Woodrow Wilson School, Superintendent H. Z. Weibel said today.

Director of the summer school will be Mel Thayer, principal of Olympia School and chairman of the district's publications and publicity committee.

Faculty for the six-week school is made up of 10 teachers currently employed here. They are Nan Cooper, Alice Wright, Adrienne Nelson, Ann Byerly, Dorris Callaghan, Gladys Bohleen, Neddie Herbert, John Luppino, Paris Simmons and James Hought.

Weibel said the summer school affords children the opportunity to "brush up and strengthen" themselves in various basic subjects. Children assigned to the school have been recommended by their individual teachers as needing the summer instruction.

'Social Security Day' Declared By Mayor

Mayor Edward Dennis by proclamation has set aside Saturday, June 13, as "Social Security Day" in Daly City.

He invites all residents and outsiders to visit Westlake Shopping Center on June 13 to examine the displays of Social Security Administration local representatives.

"Any questions you have about Social Security will be fully answered," declared the mayor.

Vandals Clout 2 Schools Here, $800 In Damage

Between Friday evening and Monday morning extensive damage was done at both Colma K-6 and Olympia schools in Jefferson Elementary School District.

Estimated glass breakage at Colma K-6 School is $500. Within the last two weeks, the damage at Olympia School has been estimated at $300.

School Superintendent H. Z. Weibel stated: "We would appeal to children and adults alike to report any kind of mischief on school grounds after school or on week ends to the Daly City Police Department. This is an unnecessary expenditure for the school district and boys and girls have to be taught to respect property."

Under the laws of California, parents are liable for damage done by their children. School authorities in cooperation with police department have vigorously investigated and in some cases severe assessments have been made.

Crowd Of 150 Attend Tribute To Mario Ciampi

About 150 citizens and dignitaries attended Tuesday night's testimonial awards dinner for architect Mario Ciampi at Westmoor High School.

Master of ceremonies was James MacConnell, professor of education at Stanford. Feature address was made by Edgar Morphet, professor of education at University of California.

Council Orders Showdown On Westdale Feud

The patio cover controversy between two neighbors on Westdale avenue will come to a showdown at next Monday's city council meeting.

The council has asked Stuart Bartz, 1 Westdale, to appear and show cause why his use permit for the erection of the patio cover should not be revoked.

The long-standing feud between Bartz and Julio Profumo, 3 Westdale, erupted again three weeks ago when the latter charged that Bartz had violated the building code by going higher than six-feet with his wall and patio cover.

The council, after inspecting the structure built by Bartz, feels he has exceeded the limitations of the building permit. City Manager George Watts was instructed to ask Bartz by letter to halt construction until the matter could be resolved.

Westlake Improvement Association Monday night appointed directors Andrew Baffico, Bob Brachman and McRobert Stewart to represent that agency at the Monday showdown.

10-WEEK SCHEDULE

16 Facilities Offered In City's Biggest Summer Rec Program

The Daly City Department of Parks and Recreation stated today that the 1959 Summer Recreation Program will be one of the most comprehensive ever offered in the Daly City-Colma area, according to D. R. Van Nest, director of parks and recreation.

A total of 16 facilities will be used to implement the overall operation through the courtesy of the Jefferson Elementary School District and the Jefferson High School District. The city and the two school districts have combined facilities and funds to make the recreation activities available to more people. The latest facility to be added is Westmoor High which will be open as a unit of the City Recreation Program on June 15.

Many new and varied activities are planned for the 1959 season. Among the most popular will be the city's first Day Camp which begins on July 13 and runs for 7 weeks. Special arrangements have been completed with the San Mateo County Parks and Recreation Department for the use of Junipero Serra Park in San Bruno for the activity. 5 PERCENT PAY HIKES?

Slight Increase In Tax Probable; 20 New Employees Are Requested

City Manager George Watts presented councilmen with the first draft of the new fiscal budget last Thursday—a $1,623,682 estimate that figures to balance and cause only a slight change in the property tax rate.

The council has scheduled several study sessions with department heads to examine their individual needs and trim the totals a bit further.

According to Joseph Arch, city finance director, the city manager's proposed budget is $307,556 higher (23 percent boost) than the fiscal '58-'59 budget.

The current budget, ending this July 1, totals $1,316,126.

Biggest factors in the $307,556 increase, Arch explained, are requested 5 percent across-the board salary hikes for city employees and the addition of 20 new employees for the new fiscal year.

The municipal wage boosts, Arch pointed out, mean an additional $45,000 for salaries.

Total city salaries in the new budget add up to $1,132,665, compared to $942,896 at present.

Arch said the current 92 cents per $100 assessed valuation property tax rate probably would go up slightly, according to new budget needs, but he said the tax would still fall below the $1 per $100 valuation figure. It appears the council will slice the requests of certain departments in an attempt to hold the tax near its present amount.

The 20 new employees proposed in the new budget are six firemen and one fire battalion chief, two police officers, two finance clerks, and nine additions to the public works department.

The public works additions, as recommended by the city manager, are two engineering aides, maintenance man for parks department, mechanic for the municipal garage, three street department maintenance men, another building inspector, and one order maintenance man in the water department.

The new budget includes an estimated $400,000 in sales tax funds, half of which are earmarked for capital improvements.

CITY, SCHOOLS SET TEMPORARY EDGEMAR ROUTE

Final agreement on realignment of old Edgemar road in front of St. Francis Heights was imminent at press time as the city and school district were scheduled to approve a temporary road on the western boundary of the M. Pauline Brown school site.

The school board instructed business superintendent David Shapiro to get city approval of the temporary route, to be graded in by McKeon Company, which also will be able to complete its Brown site grading by eliminating the school dividing old road.

Via the latest agreement, the school district will allow the city use of the temporary route for nine months. Construction on the school, due to open in September of 1960, is expected to start next March.

In the meantime, the city expects an agreement with Callan Company on their commitment to realign the short but vital Eastmoor link, with all expenses attendant to the realignment borne by the Callans. The council wants the realignment completed by the builder this year.

City officials currently are checking out the title to the property Callan has agreed to give to the city for the realignment.

FIRE BATTALION CHIEF'S DAUGHTER STRUCK BY AUTO

Susan Alexander, 10-year-old daughter of Daly City Fire Battalion Chief Wayne Alexander, suffered minor injuries Sunday about 6 p.m. when she ran from an ice cream wagon and across the street into the path of an auto in front of her home, 278 First avenue.

Officer Tom Culley confirmed that the driver, Marian Coccellato, 326 First avenue, had no chance to see the girl until it was too late.

X-rays at Junipera Serra Hospital showed no broken bones, but Susan's bruises proved painful.

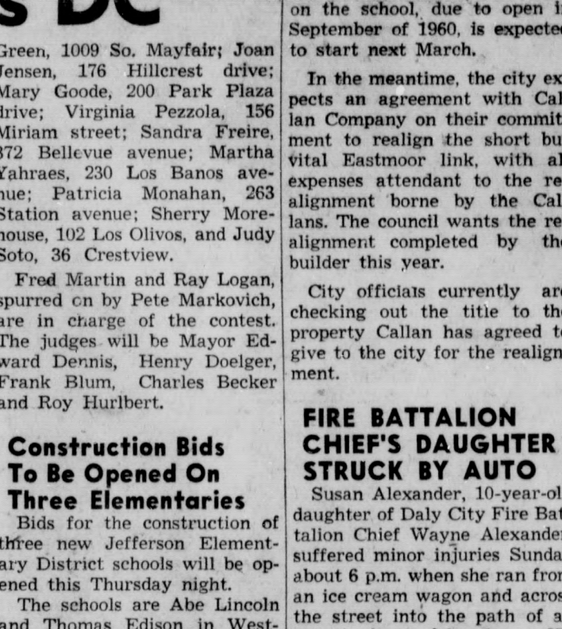
Reservoir Bid, Commissions On Council Agenda

City councilmen will meet in regular session Monday night at 75 Wellington avenue, starting at 8 p.m. in the council chamber.

Awarding of bid for the Unit 11 reservoir and filling of commission vacancies will be among the agenda items.

Latest commissioner to resign is Tony Giammona, member of the parks and recreation board. The Westmoor High boys' physical education department head said the commission duty was in conflict with his year-around school recreation commitments.

Giammona's resignation was accepted with regret and the council voted him a letter of commendation.



CONGRATULATED by board chairman Elio Fontana (right) after being sworn in last week as new Jefferson High School District trustee is James "Jim" Cooper of Pacifica. Cooper is serving out the term of another Coastsider, Donald Miller, who resigned two months ago. Jim's three-year term, which he won overwhelmingly at the polls last month, begins July 1.

Vista Mar Has Kindergarten Flock Of 280

Two hundred and eighty children have registered for kindergarten at Vista Mar School. Of this number, 149 reside in the Palisades, Heights and Knolls area, and 131 in the Highlands.

This large number of registrants has necessitated the opening of an additional three sessions of kindergarten at Vista Mar, making a total of nine sessions. Four full-time and one half-time kindergarten teachers will be employed at the school.

Placement within the sessions will be based on the age of the child. This will enable the teachers to provide experience which will complement the child's maturity and development.

Session times for kindergarten will be 8:30 to 10:40, 10:45 to 12:55, and 1 to 3:10.

As the classes are already overcrowded, additional registrations may result in the establishment of a kindergarten waiting list.

CITY'S BEST SUMMER PROGRAM

Director Dee Van Nest's summer recreation program for Daly City and the adjoining unincorporated areas, announced this week, promises lots of activity and fun for residents of all ages.

The 10-weeks program, which begins June 15, this year offers the use of 16 facilities, including Westmoor High School's gym and expansive playfields.

Formulation of this all-encompassing program, supplemented by the activities of the Police Athletic League, is a credit to the cooperation and foresight of city and school officials, municipal employees, and parents who have given generously of their time and labors.

The benefits of such a well-rounded program are obvious. Affording children useful group-activity, under the supervision of competent adults, is a considerable part of their education and will make them better citizens.

Letters To The Editor

ASSESSMENT MATTER

Westlake Couple List Challenges To 'Authority' Of Association

(Editor's Note: Following "open letter to Westlake residents" was submitted as letter-to-editor by Mr. and Mrs. Clyde Doerr, 2 Belmont drive. It is printed in an effort to give both sides in the assessment controversy an opportunity to express their positions).

The Westlake Times and The Record, in the past two issues, have carried rather detailed articles setting forth the position of the Westlake Improvement Association against its delinquent members. As answer to these articles, I would like to present the position of the so called delinquents, and some of the issues that still remain to be settled.

First: Of what practical value are the Association's regulations covering the maintenance, repairs, painting, landscaping, fences and building of home additions? There have been so many violations in all these things, and the WIA does nothing to prevent or correct them. The latest example is the high wall at 1 and 3 Westdale avenue, pictured in last week's papers. This is the main reason for such widespread dissatisfaction with the WIA, this do nothing attitude in these vital matters.

Also, what are the answers to the following:

Who dropped the word "Subdivisions" from the name of the Association—Westlake Subdivisions Improvement Association?

Do the same membership requirements apply to all residents of all Westlake subdivisions?

Does the WIA have both compulsory and voluntary memberships?

Does Article II, section 1, of the WIA by-laws require membership in the Association as a condition to occupancy of any building in Westlake?

In 1954 the Federal Housing Administration ruled that they would give no more mortgages on Westlake homes if WIA membership was compulsory. We have a copy of this letter. Isn't this sufficient reason for doubting the legality of the Association by-laws in their entirety? Membership rules were then changed. If membership is not compulsory in all subdivisions, why is it so in subdivisions 1 and 2?

Is it necessary for a person to be an Association member in good standing so long as he continues to hold title or have any interest in any lot or portion thereof, as shown on the Westlake subdivision maps? The WIA says yes. Then, is membership in the WIA required of those who occupy apartments in Westlake? If not—why? Are such occupants of apartments subject to dues and assessments by the WIA? If not, what exempts them? Shouldn't the owner of these apartments, since they are residential property be subject to WIA dues and assements? If not—why?

These are just some of the things that need legal clarification before the existence of the WIA can be justified. To date, there has been nothing but subterfusion run-around tactics emanating from the Association. Now they claim that the settlement of the Opperman case establishes the legality of all claims against all delinquent homeowners. This is not true. They settled one individual case only. Incidentally, our attorney, Mr. Allen Sapiro, advises us that the WIA statement that the Oppermans had been charged the $19.00 twice, is not correct. Instead, the WIA was required to change its practice, and give the Oppermans credit for the $19.00 initial payment against dues and assessments for several years following, with a resultant $6 as final payment for settlement.

If the WIA is so certain that this case sets a precedent for all, then why don't they submit the same offer of settlement to all of the hundreds of delinquent members?

Personally, I say this: If it can be established that the majority of Westlake residents desire some kind of an Association, then let the WIA abandon its present by-laws and reorganize a new Association by the people and for the people of Westlake, according to their will and dictates—not the present dictatorial and compulsory policy for subdivisions 1 and 2, with a haphazard policy for all others. If it has to be compulsory to obtain results, then let us include all property owners of Westlake, including the apartment houses. Let us have a modern all-embracing workable Association — or let us have none.

Very truly yours,
Mrs. Clyde Doerr

'Evacuation' At Vista Mar In 20 Minutes

It can be done! It has been proven! Yes, Vista Mar Elementary school can be evacuated in 20 minutes in case of disaster and the children loaded into waiting automobiles to be driven to their designated point of destination.

Mrs. Ronald Celle, civilian defense chairman for the Vista Mar P T A, related that 563 school children participated in the mock evacuation drill held at the school recently and from the time the first signal was given until the last car drove away, only 20 minutes had elapsed.

With the cooperation of the Daly City Police Department, directed by Assistant Police Chief Roy McLaren; with the supervision of Miss Marjorie Tobias, principal of Vista Mar school, and the aid of the mothers who volunteered the 140 cars that were used, the school evacuation was called a "huge success."

Water Problems League Women's Topic For June

Members of the League of Women Voters of California nave studied and discussed the state's role in water development for the past year with a common desire for fair treatment of all areas in the state. Common areas of agreement have been reached with little evidence of sectional prejudice.

There has been a wide area of agreement on supporting a statewide master plan for water resources in California; also that the state should construct water projects where local and federal development is inadequate; and the state should have the authority to regulate underground pumping.

'Cold Storage' Navy Program Is Explained

The Navy's newly initiated "Operation Cold Storage" enlistment program enables high school seniors to qualify now for enlistment after graduation.

"Cold Storage" applicants, provided they are qualified, will be guaranteed the Navy school of their choice when they graduate. There are currently more than sixty schools from which to choose.

The "Cold Storage" enlistment program is consistent with the Navy's Stay in School policy which encourages high school students to finish school before joining the service.

Further information about "Operation Cold Storage" can be obtained by contacting Chief Kenneth Gaddis, Navy Recruiter at 6705 Mission street, Daly City, or by calling PL 6-3740.

Reader Scores Voting Apathy Toward Schools

Dear Editor:

I note with interest your editorial of May 27 this year which was headed, "Voice of the People Strong."

You state that 28 per cent of the registered voters went to the polls and comment that this was a good response.

I think it is shameful that the other 72 per cent were not interested in having a say as to which men will represent them on the school board. This, added to the large number of people who do not bother to register, becomes a pretty appalling figure.

As parents, our motivation for voting is selfish indeed, for our school trustees' decisions directly affect our lives. As an example, if school sites are acquired without delay, our children are not faced with double sessions. If board policy toward teachers and administrators is clear and board attitude on salaries is just, we are not faced with a teacher turnover problem. It is to no avail to vote for a higher tax rate to go towards public education, as we did a year ago, if we do not concern ourselves with determining which men will decide how this money will be spent.

Since this is an elective position, the responsibility lies with us, the parents, to see that we have intelligent and qualified representatives on our board. We are fortunate to live under a system of government which gives us this privilege of choice. But how can we expect our elected representatives to be answerable to us in their actions as board members if we relinquish this precious right and do not vote?

Sincerely,
Mrs. Stanley Wiener

AUTHORITY TO ASSESS

ASSOCIATION CITES ITS LEGAL STATUS

(Editor's Note: Following press release, printed word for word, has been issued by the Westlake Improvement Association in an attempt to clarify its legal position on assessments.)

Any and all homeowners in Westlake are, in the opinion of three Appellate Department of the Superior Court judges, "subject to payment of properly levied assessments" by the Westlake Improvement Association.

This in essence, was the decision reached after more than four years of litigation through both the upper and lower courts, in the case identified as "Westlake Subdivisions Improvement Association, plaintiff, vs. Richard Opperman and Helen Opperman, defendants and respondents."

The test case was concluded when the parties stipulated in open court to a judgment by consent whereby the Oppermans agreed to pay the assessments for which the Association sued.

That came after the main issue—the right of the W.S.I.A. to levy assessments—had been determined in a higher court opinion handed down by Judges A. R. Cotton, Edmund Scott and Louis B. DeMatteis.

The appellate judges held:

That the covenants, restrictions and agreements (of the Westlake Improvement Association) were made for the direct benefit of the property encompassed within the subdivisions —and that said covenants, restrictions and agreements constitute covenants running with the land and that defendants (homeowners Opperman) remain subject to payment of properly levied assessments despite their resignation from membership in plaintiff (Westlake Improvement Association) corporation."

It was stressed that a homeowner has his choice as regards membership in the Association but must pay assessments regardless.

Of course, the board of directors would deeply appreciate all homeowners exercising the right of membership, hence having a direct voice in the functioning of the association.

The Appellate judges, in reaching their verdict, referred to a New York Court of Appeals decision and quoted:

"'This case (New York) held that covenants similar to the ones involved in this case (Westlake) were covenants running with the land and that a property owners association had the right to collect annual assessments for the benefit of all the property owners in a subdivision."

There was a similar California ruling some years back.

It was pointed out clearly in the original subdivision document which fostered the improvement association, that anyone who accepts a deed to first residential property in a Westlake Subdivision "assents and agrees to all the provisions of all original and supplemental restrictions."

This document waived the requirement that association membership was a prerequisite to occupancy, but it provided that, by the acceptance of title to property, the purchaser agreed to pay and be liable to the association for maintenance and enforcement of the common restrictions, improvements and benefits, the same amount or amounts as members of the association."

Drivers Needed For Red Cross Summer Projects

Daytime volunteer drivers are urgently needed by the San Francisco Red Cross motor service this summer.

Volunteers drive handicapped and needy San Franciscans to treatment and recreational centers, take Laguna Honda and military hospital patients to entertainment events, transport groups of happy youngsters to summer camps, and answer many other important calls.

Qualifications to drive the Red Cross station wagons are American citizenship, a California driver's license, and age 18 to 65. To apply, call the Red Cross at PR 6-1500 or come to chapter headquarters, 1625 Van Ness avenue.

Let no one say our teachers aren't concerned with the challenges of the classrooms.

On a call to Westmoor High this week we casually inquired if many teachers would be attending the testimonial banquet for architect Mario Ciampi (held Tuesday night).

The teacher on the other end of the phone said he didn't even know such an affair was planned.

Builders everywhere always get their share of public abuse on certain matters, but one point is worth considering.

These developers, who naturally are in business to make money as a primary goal, have done a lot to put communities on the map and certainly make them more "liveable."

Dubious man-who-was-not-there distinction belongs to Jeff High social studies teacher Harry Vaplon, coach of the Indians' frosh-soph baseball champions.

Harry missed the pennant-cinching contest due to teaching obligations. This is the one moment he wanted most to experience.

Anyway, if a team ever played harder to win for one coach, it would have to go a long way to beat the spirit of Vaplon's kids.

His leadership gave them the inspiration to come through with flying colors.

EASTER SEAL AGENCY

Speech Correction, Hearing Program Offered By Rehabilitation Center

A special summer speech correction and hearing program at the San Mateo Easter Seal Society's Rehabilitation Center was announced today by St. George Lafitte, president of the San Mateo County Society for Crippled Children and Adults.

It will be an intensive eight-week program of 40 daily sessions providing speech correction, lip reading, and auditory training for children and adults whose difficulties are infantile speech, language retardation, articulatory errors, voice problems, stuttering, cleft palate, hearing loss or aphasia (absence of speech). There is a fee of $60 for the 40-session period. Fee adjustment will be considered in case of financial need.

Professional speech therapists will conduct the program, and the training will be on a small group instruction basis. Individual therapy sessions will be available when indicated. This special summer program supplements the regular year-round Center service of speech and hearing therapy which will continue on through the summer.

Those interested in the program should telephone the Center, OX 7-8924, or call at 1764 Marco Polo Way, Burlingame, for an enrollment form. Enrollment deadline is June 10. Sessions will start on June 29 and continue through August 21.

The Rehabilitation and Research Center, a project of the San Mateo County Society for Crippled Children and Adults, derives its support from the Easter Seal Campaign and other charitable contributions. Services are available to all residents of San Mateo County regardless of their financial ability to pay.

'FILTH PEDDLERS'

Postmaster Urges Parents To Aid In War Against Obscene Materials

War has been declared by the Postmaster General, on the peddlers of filth and obscenity through the mails it was announced today by Postmaster Vincent P. Murphy of Daly City.

The Post Office Department, which is responsible for enforcing the laws against transmitting indecent literature and film through the mails, estimates that merchants of filth will double the scope of their already extensive operations, unless parents and the decent-minded public join in a determined campaign to stamp out this racket.

Postmaster General Summerfield emphasized that the peddling of filth through the mails is a matter of growing concern especially to American parents because teenagers and even elementary school boys and girls are becoming the principal targets of smut racketeers.

The Postmaster General points out that the Post Office Department has diligently tried to keep the mails free of indecent materials, but must respect the privacy of the mails —a basic American right.

Parents and youths who receive obscene materials are urged to save all materials received, including the envelope and all enclosures. They should immediately report and turn over to Postmaster Murphy all materials received. From there the Postal Inspection Service will take action.

By supporting and aiding the Daly City Post Office and by backing members of Congress and local officials who are fighting to stamp out this evil, they can look to the real success that is vital to the nation's moral fiber and future welfare.

STATE-WIDE ACCIDENT PREVENTION OFFENSIVE SET TO CURB MISHAPS

A state-wide accident prevention offensive is being planned, the magnitude of which has never been attempted in California, according to Earl F. Campbell, managing director of the California Traffic Safety Foundation.

Campbell today announced that representatives of the Foundation had met with Governor Brown and members of the Governor's Standing Committee on Transportation and Highway Safety to begin coordination of the effort, which will involve legal agencies as well as citizen groups.

"All of California is shocked and saddened by the untimely deaths of the five young nurses whose lives were snuffed out in Northern California as the result of the recent head-on collision with a drunk driver," Campbell said, "and all of us in the accident prevention field intend to launch a broadside against this kind of slaughter.

"Until we have a fully enlightened public who will demand legislative action for greater enforcement manpower and even stricter penalties for traffic violators, the slaughter will continue," he stated.

Campbell pointed out that the Foundation as a privately financed citizens' organization had no involvement with legislative lobbying.

"However, every group and individual is entitled to voice an opinion. We think it unfortunate that the many bills introduced into the current session of our state legislature involving blood-alcohol tests, the use of radar, etc., are now just as dead as California's traffic accident victims," he continued.

He called "hogwash and bilge" the theory set forth by many organizations that "freedom of the highways" must be preserved for the motoring public.

"Freedom, as it is used by those antagonists to sound enforcement methods, means only the freedom to maim and kill and raise insurance costs. True freedom of the highways will come only when we can travel in reasonable safety and enjoyment, knowing that we have given our officials the necessary tools and equipment to protect us.

"This 'freedom idea' has been used for years to build public opinion against the use of sound enforcement methods," he said. "Until every driver remembers and accepts the fact that driving is a privilege and not a right, we shall go along killing and maiming with understaffed police departments and overloaded traffic courts," he concluded.

English-style May Day Fete At Thornton

Thornton School recently presented its May Day Festival in the form of an early English countryside fair.

The celebration of May Day, while recognized as an ancient Roman custom, was adopted by the English after the Roman conquest of England. The festival at Thornton was a reproduction of the English adaptation, with the highlight of the event being the maypole dance.

Reigning as queen of the event was Alice Berry and as king Dan Buss.

After the festival, a hotdog sale was conducted by the Vista Grande-Thornton PTA, providing an opportunity for the parents to remain at the school and have lunch with their children.

POLIO VICTIMS COME FIRST

County's National Foundation Unit Handicapped By Scarcity Of Funds

Lack of funds will prevent the local county chapter of The National Foundation from extending its patient aid program to cover certain groups of both arthritis patients and children under 19 afflicted with specific kinds of birth defects, it was disclosed today.

James J. Kehoe, newly elected chairman of the San Mateo County Chapter, announced that "caring for polio victims remains our first concern, as always." He reported, however, that at an emergency meeting of western states chapter chairmen and executive secretaries with Foundation leaders from New York held in Los Angeles, it was revealed that "the 1959 March of Dimes campaign in all but a few counties fell far below collections and donations in any previous year."

In San Mateo County alone, Chairman Kehoe said, "we have scores of patients stricken by polio and many paralyzed for life, before the new and safe and effective Dr. Salk vaccine."

"We in our chapter feel none wants to just forget these polio patients," Kehoe added, explaining there are more than 80 men, women and children in this county "still getting badly needed financial aid from March of Dimes funds."

These bills total some $16,000 at present, Kehoe said, and reported "with less than $2000 in our chapter treasury, the situation is drastic."

In the expanded public health program of The National Foundation (formerly" . . . for Infantile Paralysis" only,) in addition to polio patients, those who will benefit include children under 19 suffering from certain birth defects, and children under 19 with rheumatoid arthritis, Kehoe said.

The National Foundation leaders announced at Los Angeles conference that the organization has been forced by poor public response in the 1959 drive to limit hospitalization costs and other forms of aid, and that physicians' and surgeon's fees cannot be paid at this time.

Those not vaccinated were urged to do so without further delay.

The Prairie Bible Institute, beginning in 1922 with an enrollment of eight students, now has a Bible School and High School attendance of over 1000. The founding of the interdenominational Bible Institute is unique among Christian schools. It is located in a small farming community on the wide, sparsely settled prairies of Western Canada.

Prairie Bible Institute is a missionary training school; over 1000 former students are serving on foreign mission fields, and hundreds are engaged in pastoral and other Christian service in Canada and the United States. The principal of the Institute, L. E. Maxwell, is well known as a Bible teacher, editor of the Prairie Overcomer, and author of three challenging books, Born Crucified, Crowded to Christ, and Abandoned to Christ.

For the past eight years, Bruce has been a field representative for Prairie Bible Institute. Four years prior to joining the Extension Staff of the Institute, Bruce directed Youth For Christ in San Diego.

11 Youngsters Confirmed At Hope Lutheran

On Pentecost Sunday, Hope Lutheran Church on Old San Pedro road west of Junipero Serra boulevard, welcomed 11 young people into the membership of the church through the Rite of Confirmation.

Though not specifically commanded by the Bible, this practice is retained in the Lutheran Church as a matter of choice. For a period of two years preceding, the pastor meets once each week with these young people in a thorough study of Christian doctrine. This instruction itself is the important part of confirmation.

During the past year these young people have already assumed certain responsibilities in the church. John Travinsky, Timothy Kaufeldt and Lynne Arnesson have served as acolytes for two years. Phil Fair, Claudine Fair and Bill Park are at present serving as officers of the Walther League, Youth Group of Hope Church. Sandra Jones and Coral Foss have been active in many of the special projects of this group. Six of the group, Paula Hirshberg, Richard Andersen, James Stan, Lynne Arneson, John Travinsky, and Timothy Kaufeldt will be welcomed as members of the Walther League in the meeting on June 7.

Immediately after the service of Confirmation a brief reception was held at the church for these young people, their parents and friends.

DC Camp Fire Girls Participate In Grand Council Fire Down South

The Peninsula Council of Camp Fire Girls had a Grand Council fire at Hillsdale High School. Many local girls flew up from Bluebirds to Camp Fire Girls. Three Camp Fire groups from this area received their Trail Seekers ranks and one group gained their Wood Gatherers ranks.

Most of the Daly City groups have had private ceremonies in which the mothers participated by putting on the red Camp Fire scarves for their daughters.

During summer vacation the Bluebirds and Camp Fire girls are going to have an "Indian Pow Wow" at Camp Hudaca in the Kings Mountain area, June 15-19. Camp Hudaca provides adventure, fun and excitement —campfires, hikes, cookouts, singing, campcraft, nature lore dramatics and hand crafts. An overnight campout on Thursday and returning Friday noon is the climax of the session. The girls earn the greater part of their Campersships by selling candy earlier in the year.

The Camp Fire Girls also have a Camp Wastahi, located in the Santa Cruz Mountains. The camp program is based on appreciation and use of the natural environment of the camp. Camping at Wastahi will be conducted in such a way as to assure the camper wholesome fun, new experiences, adventure in outdoor living, new skills, rest and quiet, and friendship. Included in the program for the summer will be outdoor cooking, arts and crafts, singing, hiking, archery, dramatics, trip camping, swimming, nature lore, games, stories, pioneer skill, campfires and Council Fires.

This is only part of the busy program planned by the leaders and their groups. Some groups will be going on overnight camping trips and others will go on excursions of the points of interest in the bay area.

More leaders are needed to carry out the busy Camp Fire programs. If anyone is interested in working with girls, contact Mrs. A. Waldvogel, PL 5-4319.

Due to a recent change in working hours, Harry Hettel has found it necessary to relinquish his position as Scoutmaster of Boy Scout Troop 243. He will be succeeded by Stanley White.

The troop has been growing steadily and has made splendid progress during the past five years under Harry's leadership. The troop committee is happy that Harry is staying on as assistant Scoutmaster.

White, an employee of the Daly City post office, was formerly Cubmaster of Pack 243, and has taken extensive Scouting training during his tenure as an assistant Scoutmaster.

The very popular Joel Cook, a member of the San Francisco Police Department, will also continue to serve as assistant Scoutmaster.

Born in San Francisco, he lived in Daly City for 40 years. He was employed by Halstead Funeral Home.

Other survivors are his wife, Mrs. Ethel Brooks; a daughter, Mrs. Carney (Katherine) Campion; a brother, Raymond Brooks, of San Francisco; a sister, Louella, a Santa Rosa resident, and five grandchildren.

Requiem Mass was held at St. Thomas More church. Interment was at Holy Cross cemetery.

Creative Dance Students Will Exhibit Skills

Climaxing three years of a successful cooperative dance program, the Westmoor Creative Dance Group will present its Demonstration Night on June 4 at 7:30 p.m. in the Benjamin Franklin school multi-use room.

No elaborate stage settings will be in place. Mothers haven't been frantically making fussy costumes. The children haven't even been rehearsing, for this Demanstration Night is given at the conclusion of the year to show the parents and friends, what the children really do in creative dance. Rhythm, initiative, coordination and musical adaptation will be displayed when all ages of youngsters perform one phase of their dance class.

Avoid harsh use of the brakes of a new car, or the relined brakes of an older car, advises the National Automobile Club. Careful use will prevent scoring of the drums.

DC's Dave Dunbar Runs Nation's Fastest 880!

Westmoor Senior Posts 1:53.2 Half-Mile In State Meet

Close to 10,000 fans watched Westmoor High's Dave Dunbar win the blazing 880-yard run in the 41st annual California state high school championship track and field meet Friday night at Bakersfield.

The 17-year-old Daly City senior poured it on in the pressure showdown, outlasting Tom Lile of Antelope Valley with a 1:53.2 clocking—the nation's best half-mile time this year.

Finishing in third place was Dick Davis of Long Beach Poly, the team that won the team title at Bakersfield.

Dunbar, a senior who's considering several college offers, could develop into one of the best half-milers in collegiate competition.

The national high school record is 1:52.3, established by Don Bowden at San Jose's Lincoln High.

Dunbar's 1:53.2 clocking Friday confirmed the long-standing belief of his coach, Ernie Ribera, that the little speedster would consistently threaten Bowden's mark.

New Dad-Son League Debuts At W'lake Bowl

This Sunday morning at 9 o'clock, the new Father and Son League will get underway at Swanson's Westlake Bowl.

A short meeting will precede the start of the summer league, with the family teams taking to the lanes at 9:15. Already there are over 20 teams entered in what will be a 32-team league. Rick Dreier, Bowl representative of the league, reports that practically all of the teams in the previous league have entered as well as many new sign ups.

Another first was registered at the Bowl last week when the Wilshires and the Hot Shots, bowling in the Matinee Bowlerette League, ended with two ties in three games bowled. This is most unusual in bowling circles. Jean Heikel of the Big Bear Realty was the leading lady last week with a 209 game followed closely by Marilyn Helmick's 203 in the Evening Stars League. Sue Hidalgo had a 196 game and Mary Lawson a 191 to lead their leagues in the daytime groups.

Florence Ecker took both game and high series in the Early Risers League, while Moira Senn did likewise in the One O'clock Jumpers League. Mert Giacchino's 178 and Toby Giorgetti's 477 were high in the Holy Angels Mothers Guild League.

Beverly Coughlin took high game and Maria Meyers high series in the Matinee Bowlerettes League. The girls are really getting the knack of the game when they start converting difficult splits as evidenced by Jean Marsigli's five, eight, ten conversion, Rita Goodwin's four ten, and Dot McInerney's very difficult four six.

FLU SIDELINES JEFF THINCLADS FOR BIG MEET

Flu kept two first-rate Jefferson High varsity trackmen from competing in the North Coast Section championships held recently at Berkeley.

Coach Bob Watt, who brought the Indian thinclads home with a 4-2 dual meet Peninsula League record this season—best in Jeff history, said both 440 speedster Len Lamendola and half-miler Felix Valdez were unable to compete due to the ailment.

Jeff's third entry, B division distance runner Anibal Davila, was in Berkeley as an alternate, but he did not get to run.

Watt's only varsity defeats this year were to San Mateo and Westmoor, co-champs of the league.

Lamendola, who staged a sensational late-season spurt, might have qualified at Berkeley for last week's state title meet at Bakersfield.

American League Midget Pennant Still Undecided; BYA Bags Flag

The final week of Daly City's Spring Midget Baseball Leagues came to a close Friday with one outcome still deadlocked and several games to be made up by the leading clubs.

In the American League, Sunset Whites remained in contention by defeating Our Lady of Mercy 7-3. South Sunset has one game left with Parkmerced which is also battling for first place.

Parkmerced was battled to a scoreless tie by San Pedro Lunch in their regular scheduled game. The game was called after eight scoreless innings because of darkness. Each club was limited to two hits. Parkmerced's Eddie Roseborough retired 20 via strikeouts while his opponent, Dick Holmberg, whiffed 18 in a real pitcher's battle.

The Pomona Giants remained in a first place tie by defeating the PAL Yankees 9-2. Pomona has one game remaining with Our Lady of Mercy.

In the National League, Broadmoor Youth Association cinched first place when two games were taken away from undefeated Visitacion for using an ineligible player. The games were protested and upheld, thus dropping Visitacion from first place and into a tie for second with the PAL Red Sox.

Broadmoor defeated the PAL Giants 13-1, while Visitacion downed Winter Menzies 11-2. The final game saw PAL Red Sox defeat the PAL Braves 11-6.

A playoff game will be scheduled between Visitacion and the PAL Red Sox for second place.

DC, SSF Nines In PAL Midget Baseball League

The 1959 Daly City-South San Francisco Police Athletic League baseball loop opens this Friday evening, with games at SSF's Orange and Alta Loma parks.

The midget league (boys 8 to 12) has eight teams, four from each community. Daly City's PAL Red Sox, Giants, Braves and Yankees are entered with SSF's Chiefs, Captains, Lieutenants and Inspectors.

According to Les Bastedo, DC PAL baseball director, the league runs until this September when an all-star game pitting DC's best against SSF's top players is slated. Three lads from each team will be chosen for this event.

The Orange park games start at 6 and 8 p.m., while Alta Loma tilts begin on two diamonds at 6:15 p.m. All action is on Fridays.

Entry fee for each club is $5. Winner and runnerup get the bulk of this total as their rewards.

3 JEFF SENIORS IN ALL-STAR BASEBALL GAME

Three Jefferson High regulars will perform this Saturday in the annual Peninsula-South Peninsula senior all-star varsity baseball game at San Mateo's Fitzgerald field.

Representing the Indians will be catcher Jerry Kennedy, first baseman Roy Reitz and leftfielder Vic Lewkowitz.

Coaching the Peninsula League squad will be South SF's Bob Brian and Burlingame's Chick Hinds. Darrell Weber, Capuchino's outstanding lefthander, will open on the mound for the Peninsula loopers.

Westmoor High's lone senior, pitcher Dave Simons and utility man Ross Holmgren, were not chosen for the Peninsula aggregation, according to Coach Rod Losberger.

BLOCK J BANQUET

Pete Garcia Gets Jefferson High's Senior 'Athlete Of Year' Award

Pete Garcia, hard-working powerhouse who won't quit when the going gets rough, was named Jefferson High's senior "Athlete of the Year" at last week's Block J awards dinner.

Garcia, two-time all-Peninsula football player, won the nod over equally deserving Jerry Kennedy, another multi-sport Indian mainstay.

Pete, recently hurt in an auto accident, played end and halfback in football, center in basketball, and ran the distances and relay in track. Kennedy was a grid linebacking leader, a dependable cage player and an outstanding catcher on the diamond.

Southpaw Roy Reitz won two coveted Block J senior blankets. He was voted tops in varsity baseball and in basketball—making All-Peninsula in both sports.

Kennedy was judged the best Jeff senior football player. Other blankets for excellence went to Len Lamendola, 440 ace in track; Rich Curry, swimming, and Jim Ahern, wrestling. Ahern was a slight victor over Bob Nielson in the mat sport.

Junior Carl Keeling, who hit .432 for Jeff's varsity baseball squad this season—highest in the school's history, was handed the baseball batting trophy. The second sacker exceeded the .414 previous marks held by John Olcese (1948) and Larry Blanchard (1953.)

Special feature of last week's ceremonies was heavy applause for Jefferson's championship frosh-soph baseball team. Head Coach Harry Vaplon and his assistant, Rich Warne, were surprised with trophies and plaques from the players.

The affair was attended by 184 fathers and sons. Boys' physical education director Mike Orlich said a total of 143 awards were given. Athletes in all the sports were introduced and praised by the coaches—Orlich, Bob Watt, Steve Mezzera, Joe McGrath, Vaplon and Warne.

Block J President John Margaroni was master of ceremonies. Dinner was served by members of the Girls Athletic Association.

Terry Christman, Krohn Hurl Well But Drugs Lose

Westmoor High sophomore Terry Christman and Barry Krohn pitched good ball, but their Daly City Drugs mates dropped a pair of tilts last week end.

Mike Nelson's three-hitter gave Robinson Construction a 3-2 win over the locals last Saturday at Balboa park.

Next tilt found Tom Edwards holding the Lowell Creighton-Harry Krohn kids to four hits as Pacifica Sea Bowl tripped the Drugs 1-0. In this one, Krohn allowed only three hits.

Barry fanned eight and walked four, while Edwards whiffed 10 and issued five bases on balls. Christman scattered eight hits in the 3-2 classic.

This Saturday, the Drugs nine meets Meyer's Safety Switch at Balboa, starting at noon. Manager Tom Bournellis' squad is back at Marchbanks Park this Sunday at 11 a.m. to clash with Dante's New Pisa nine.
